I dance because dancing is full of excitement and energy. I think that it is a graceful and peaceful activity. I danced since I was three, and I now love tap, ballet and jazz.

I dance because I wanted to when I was three, so I started. My heart is full of music, so I just began to dance. My heart is set on dancing every Saturday.

I dance because, well, really almost every reason. I want to master the performing art of dance. Next year I will be in the class for 9-year-olds to 13-year-olds.

I dance because sometimes, I have fun working hard. I try to put effort in my work.

I dance because I want to! I know, I'm working on smiling, but still...!
